Claim Rejections - 35 USC § 112

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 19-27 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In independent claims 19 and 25 and 26 contain references to at least one multicarrier data transmission signal, it is not clear if "the multicarrier signal" being formed formed is referring to the same (see lines 3-4 of claims)
